

MAKE ANYTHING PAYMENT CAPABLE

Tappy's wearable contactless payment technology makes it possible for brands to enable consumers to add their choice of payment card to watches, jewellery, fashion items, and more.

## CHASE BANK X TIMEX PAY LIVE

We are extremely honoured and proud to partner with Timex to push the boundaries of tokenized wearable payment into Timex timeless timepieces. We would like to recognise and thank Timex, Chase, Visa and Thales for making this historic breakthrough.

[BUY NOW IN USA](#)

Welcome to the Tappy newsletter. Despite COVID-19 restrictions we have seen a very busy past year as more people turn to contactless payments as a safer way to pay. Enabling Timex Pay in the USA is a big milestone reached alongside other key highlights in recent months. We have facilitated the launch of wearable payments in India where contactless spending has grown exponentially, and brought our tokenization solution to other markets. We hope to keep you informed on all of our live programs and the markets we are entering, as well as, provide you with the latest business and technology updates from the Tappy team. Stay Safe and Healthy.
